

We Put the Service into Service Contracts

Financial Stability

Since 1982, CNA National has been a leader in the vehicle service contract industry. We are a wholly owned subsidiary of our insurer—CNA, with \$52 billion in assets, founded over a century ago.

Profit Participation

We offer more programs—including both CFC and NCFC reinsurance structures—that to date have paid more than \$152 million to dealers.

Superior Service

For more than 28 years, we have been recognized for providing superior service—from fast turnaround for claims payment and unbeatable claims administration to the personal and knowledgeable assistance you get from our local representatives who live and work in your area.

Coverage Options

Dealers can increase service contract penetration by offering the right coverage for their market and customers. Choose from a wide range of options—including Automotive Preferred CareSM, our top-of-the-line exclusionary coverage, and Factory+Plus CareSM, our specialized “wrap” coverage, or anything in between.

Consumer Benefits

Our eligibility guidelines are broad, our terms are flexible and our benefits are among the best available today—such as towing reimbursement up to \$100 and emergency roadside assistance up to \$50 per occurrence.

For more information on CNA National products and services, contact your local representative below or call us toll-free at 800-345-0191, extension 720.
